

YOUR WIFE IS A JEWEL

and your home is her setting, which you wish befitting her. There is nothing that adds more to the entrance of a house than a neat door mat. The rain we have been having makes sugar grow—it also makes mud. We have just received a large assortment of

DOOR MATS.

They make the mud on your shoes "get a move on." We have FANCY CARRIAGE MATS, COCONUT MATS, BRUSH MATS, STEEL BAR MATS. Also, a relative of the above articles, a step-father, the DOOR SCRAPER—a great discourager of mud.

We've Ruined the CORN CROP!

For years the corn crop of this part of the beach has been enormous. Reckless shoe sellers made it so. Everybody had to "break in" their shoes or get someone else to do it for them, and by the time they were broken in they were broken out also, and that broke pocket books.

Different Now.

Our motto is: "A cheap article is not a good article, and will not stand inspection or wear," but a good article cheap will draw trade to our store like a hungry horse to his feed.

Almost Blind

Scrofula Affects the Eyes—Little Boy Treated by an Oculist Without Relief—But Now He Is Well.

"When my little boy was three months old his eyes became very sore and he was almost blind. I took him to an oculist who treated him for six months, and left him as bad as he was at the beginning. Finally Hood's Sarsaparilla was recommended and I began giving it to him. In less than three weeks he was able to go into the sun without covering his eyes, and today his eyes are perfectly well, and his ears and nose, which were badly affected, are also well. Hood's Sarsaparilla has certainly done wonders for my boy." MRS. JAMES H. PAINTER, Amador, California.

ITEMS FROM HARBOR FRONT

Bark Mohican from San Francisco With Merchandise.

Claudine from Hilo—Bad Sailors on the S. P. Hitchcock—Upolu from Hawaii—Iwalani With Honolulu Sugar.

The H Hackfeld is discharging at the railway wharf.

Thanks are due First mate Kelly of the Mohican for news favors.

The barkentine Kikikat is discharging lumber at Fort street wharf.

Two recalcitrant sailors were taken aboard the ship S P Hitchcock in irons this morning. They have repeatedly deserted and are tough customers.

It was half-past eight o'clock last night before the Belgic sailed for San Francisco. The delay was caused by the quantity of coal which had to be taken on board.

The barkentine Planter cleared for the Crockett refinery this morning with a cargo of 14,897 bags of sugar, 1,790,275 pounds, valued at \$69,045 and shipped by H Hackfeld & Co and M S Grinnell & Co.

Accident on the John Smith.

A sailor while scraping the fore top-mast of the barkentine John Smith at Emmes wharf this morning fell to the deck. Luckily he landed on a coil of six inch hawser which happened to be there and his fall was broken. His hip is injured and wrist dislocated. He is very sore internally. He was taken to the hospital immediately after the accident and appeared to be in a precarious condition. The distance was over forty feet from where he fell to the deck, and it is a wonder that he escaped with his life.

U. S. S. Bennington in Pillbox.

The stern mooring of the United States steamer Bennington parted about ten o'clock last night during the heavy kona that prevailed for several hours in the harbor. She swung around Ewa until very close to the schooner Wm. Bowden. The boats were manned. All hands were busy until one o'clock this morning, when the gunboat was restored to her proper anchorage. The cruiser Baltimore did not sail as was expected yesterday and the men on board of her were also busy making her stern lines fast. There was a steady gale from the south-east for four hours but no accidents to the shipping accrued so far as known. Inspector Storey, who had charge of the customs watch during the storm, said it was quite thrilling to hear the shouts of the sailors on the men-of-war, with the search lights flashing and the rain pouring down in torrents. Old maritime prophets alongshore predict that no change will take place in the weather until the 22nd inst, when there is a new moon.
